Always in Our Hearts....

"Without dogs, our houses are cold receptacles for things. Dogs make a fire warmer with their curled presence. They wake us, greet us, protect us and ultimately carve a place in our hearts and our history. On reflection, our lives are often referenced in parts defined by the all-too-short lives of our dogs" -- Paul Fersen

"It came to me that every time I lose a dog they take a piece of my heart with them. And every new dog who comes into my life gifts me with a piece of their heart.

If I live long enough, all the components of my heart will be dog, and I will become as generous and loving as they are."
